EXPERIENCE

BOYS AND GIRLS CLUBS OF AMERICA OF DALTON, GA | Website

WEB DEVELOPMENT | UI/UX DESIGN
July 2021

- Re-design, develop and deploy the website.
- My team and I utilized Vue, Figma, Javascript, Google maps API and Github to re-design this organizations website with the goal to provide a better UI/UX experience for users.

BUTCHER | FOOD SERVICES

July 2014 - October 2020

- Worked as a Butcher part-time during studies and a couple years full-time after graduation.
- Providing excellent customer service, addressing needs of customers in a timely and effective manner and modeling suggestive selling techniques; answering phones and pages promptly and courteously.

TECHNICAL PROJECTS

MESSAGING APP | [UnderChat](#)

August 2021 | San Jose, CA

- Developed using React Native/expo, Redux, JavaScript, NodeJS, DynamoDB, AWS Amplify, GraphQL, Github.
- Implemented pixel-perfect UI, multi-user real-time chat, push notifications, initiate a chat just by typing the username, authentication, upload profile pictures, status.

SOCIAL NETWORK FOR COUPLES | [Lovers](#)

March 2021 | Chattanooga, TN

- Developed using React Native, TailwindCSS, JavaScript, NodeJS, DynamoDB, AWS Amplify, GraphQL, Github, Figma.
- Implemented real-time chat, ability to connect with your partner, make post, reminders, authentication, upload profile pictures, status.

CRYPTOCURRENCY | [GGs Coin \(GGs\)](#) | [Website](#) | [Github](#)

May 2021 | Chattanooga, TN

- Contract 0x1bFF850c32bEe2A47451E31f8BF31A14e62C7F03
- Developed an ERC-20 token "GGs Coin" (GGs) using OpenZeppelin contracts, solidity, truffle, ganache, deployed on the Ethereum blockchain, using the test network ropsten

HYPER-CASUAL GAME | [Rockets X](#) | [Github](#)

November 2020 - February 2021 | Chattanooga, TN

- Minimalist game designed utilizing Figma to provide friendly and intuitive UI.
- Developed for IOS, Amazon, and Android in Unity 3D game engine.
- Implemented online ranking and achievements, system to encrypt and save player scores, in-game currency, in-app purchases, and ads.
- Tested IOS through TestFly and Android through Google Play Console to address any issues or bugs

CASUAL GAME | [Souls X](#)

November 2020 - February 2021 | Chattanooga, TN

- Conceptualization, prototype, and design have been accomplished through Figma.
- Developed for IOS, Amazon, and Android in Unity 3D game engine.
- Built 16 creative and funny levels.

ENTREPRENEURIAL EXPERIENCE

ECO STUDIOS | [Website](#)

Since November 2020

- Motivated by the passion I have for software development and curiosity of new technologies, my brother and I founded Eco Studios.
- Design, develop and deploy websites and mobile apps.

YOUTUBE | [Channel](#)

Since August 2021

- I have created my channel, in an effort to close the gap of a lack of high quality Spanish coding tutorial videos. The focus is on teaching user best practices in web, mobile development and UI/UX experience.
- The public can rely on my channel to provide my opinion and reviews of new technologies.

FUN FACTS
